Accused. - The Newcastle (Ind.) Courier says that William R. Keam, a Methodist preacher from Boone County, and his young wife, whom it is alleged he seduced and afterward married, were tried at Centerville last week for the murder of their infant child on the evidence being produced against them to warrant their conviction. "It is believed, however," says the Courier, "by many persons acquainted with the circumstances, that they are guilty. Their conduct was such as to excite the strongest suspicions. It will be remembered that the infant was dead in a trunk at the hotel in Centerville, where the parents stopped off the cars, and where they were arrested."

Gymnastic! We are requested to announce that Prof. Romler will meet all members of the Young Men's Gymnastic Association who desire to join his classes, on Thursday evening, at 7 1/2 o'clock, at the Gymnasium. All members of the Association are requested to be present. The object of the meeting is the formation of classes with a view to physical culture and the most convenient time of day for exercise. Now is a good time to join the Association. Tickets of membership can be procured of L. B. Gunckel, the President of the Association. Let there be a full turnout of members to morrow evening.

Professors at Oxford, which shows the high estimation in which Prof. Romler is held by Dr. Hall and his associates. We are under great pleasure in saying that Mr. F. H. Romler has been a Teacher of Gymnastics in Miami University for nearly two years, which position he has filled to the entire satisfaction both of the Faculty and Students of this institution. During his stay here he has proved himself to be not only a good practical Gymnast, but also that he understands thoroughly the theory of Gymnastics; and the best method of teaching this art; an art which he has studied for many years. By his character Mr. Romler is every way worthy of the public confidence.

Dr. M. H. Press. O. M. Freeman, Prof. Nat. Science. J. C. Gunzinger, M. D. Manager of Gymnastics. D. Swine, Prof. Prep. Dep. R. H. Ringer. W. W. McEALAN. J. T. KILLEN, Prin. Normal School. Faculty Miami University. April 1st, 1885.

It is probable that gymnastics will receive a fresh impetus; and we will be pleased to learn that new interest is taken in so healthy and propitious exercise by the young men of our city. A Gymnasium is a beneficial institution under almost any kind of direction; but when directed by one every way capable of the charge its value is greatly enhanced.

This morning was what may be designated as a "stinger." Ice was formed in our gut so thick that the boys were enabled to slide upon it. It is feared by many that the fruit has suffered, but we are inclined to think that as it has been so dry the buds have not seriously suffered. They have not been injured in the city, we are assured by those who might be judged.

Pioneer Festival.

The Pioneers of Ohio, and of the West will have a Grand Festival at Smith & Nixon's Hall, in Cincinnati, on tomorrow evening. It will doubtless be a very agreeable and interesting affair, and will be largely attended by the "oldest inhabitants" of the west, and their "immediate descendants." We hope that Dayton and vicinity will not only be represented in the festival, but that our pioneers will become members of this glorious old band. We give the Constitution to-day, believing it will be interesting to all our readers.

Constitution of the Cincinnati Pioneer Association. Art. 1. This Society shall be known as the Cincinnati Pioneer Association of Hamilton County, State of Ohio.

Art. 2. The object of this Association shall be to gather together and preserve reminiscences, statistics, or other information connected with the settlement and history of our City, County or State, previous to the year 1812. Art. 3. Any person may become a member of this Association by paying into the Treasury the sum of one dollar, and signing the Constitution. Provided, that he or she lived in the State of Ohio, on or before, the 4th day of July, A. D. 1812.

The Association may by a majority of the members present, at any regular meeting, elect Corresponding members. Art. 4. The officers of the Association shall be President, Vice President, Corresponding Secretary, Recording Secretary, Assistant Recording Secretary, Treasurer, and an Executive Committee of five, to be elected by ballot, annually, and who shall perform the duties usually assigned such officers, and shall continue in office until their successors are chosen.

Art. 5. The Annual Meetings, at which the election of officers shall take place, shall be held on the Saturday evening, succeeding December twenty-fifth of each and every year. Art. 6. The State Meetings shall be quarterly, on the last Saturday evening of March, June and September, in December the annual meeting shall be the State Meeting for that quarter. Other meetings may be called intermediate by the President or Executive Committee.

Art. 7. All the regular meetings of this Association shall be held in the city of Cincinnati. Art. 8. All moneys of this Association must be paid to the Recording Secretary, who shall keep a record of the same, and day the same to the Treasurer, taking his receipt therefor. Art. 9. No expenditure of money shall be made unless by the direct order of the Association when in session. Art. 10. The Association shall attend the funeral of any deceased member within the bounds of the city or vicinity.

No alteration or amendment shall be made to this Constitution except at an Annual Meeting, and with the consent of at least two-thirds of the members present. Provided, That any alteration or amendment may be made to this Constitution at any other time, by the unanimous agreement of members present, one month's previous notice thereof being given.

Whereas, it is desirable to bring together the few emigrant settlers yet among us of the Miami Valley, within the boundary of Hamilton County and State of Ohio, and also those who within that limit prior to July 4th, 1812, and to obtain from them such information relative to the early settlement of Cincinnati and Hamilton County as may be deemed interesting, and to meet at stated periods, and in social converse, renew the friendship of the past, and bring up recollections of persons and scenes long since gone;

And as the time has whitened the hair of us all, and but a brief period will elapse ere we shall depart, it is the intention that as we are gathered by the Great Ruler, those our living shall accompany, in an amicable capacity, the remains of the departed to his last resting place in the land he has loved.

NEWS ITEMS. A queer story is circulating on the continent, to the effect that the Holy See is now engaged in recruiting a body of 5,000 men in Ireland, who are to be sent forth to Rome, to form His Holiness' body-guard.

The yield of maple sugar in Michigan has been so extraordinary this season that farmers are selling it for from six to eight cents per pound. More sugar has been made in the western counties of Pennsylvania this season than for many years past.

It is stated that on the arrival of the steam ship Rosanke at Portsmouth, Va., an enormous rock fish was found entangled in the wheel, which required the exertions of three men to capture; after getting it on the deck of the ship it was measured, and exhibited a length of four feet and weighed fifty-four pounds.

A New York correspondent of the Savannah Republican is informed that "Mr. Siches, immediately after his liberation, will commence an action for libel against the proprietors of the Evening Post, they having, since the homicide, kept up a bitter and unceasing series of attacks upon his private character."

Colonel Hissard's powder-house in the South Meadow, at Hartford, used as his shipping depot, went down the stream during the late flood, and lodged right side up among the trees opposite Wetherfield Cove. Fifty-three kegs and three barrels of powder have been taken out of it, and some nearly dry.

Judge Bell has introduced into the Pennsylvania Senate a bill providing for the State to collect, as State taxes, the amount of interest any municipality may owe on its bonds, when it neglects to impose the necessary taxation to pay it. This is the best remedy against repudiation that can be devised.

A "dog-out" canoe, with a freight of over six thousand pounds, arrived at Charleston, South Carolina, a few days ago. It was fifty-six feet long, and was made from the solid trunk of a yellow poplar tree. Not a single knot or imperfection could be discovered about the craft.

Noticing the numerous bunnets at the milliners' opening day in New York, and the perplexities of the ladies in making a choice, flying from one room to another like humming birds in a flower-garden, the Journal of Commerce thinks man should congratulate himself that he is only called upon to pay for bunnets, not to select them.

A bill has just passed both branches of the Louisiana Legislature, which, among other things, appoints four commissioners, who are to ascertain the most effectual and safe method of conducting the floods of the Mississippi River to the Gulf of Mexico; their effects upon land owned by individuals, and their capacity for navigation.

A Good Memory - How to secure and retain it. To-night Prof. Fowler will lecture on Intellectual Culture and Self Improvement and Memory. How to become good Thinkers, Writers and Speakers - the base of Success in Business, etc. An important Lecture to all, and especially to young men and women. Hear him. Public examinations will be made at the close of the Lecture.

Heavy Ute - Those who desire to enter the new fencing classes of Capt. De Ren should apply at once. He will only receive people, we learn, this week. Don't delay longer.

Read the new advertisements, and covered all of them. Almost every thing to be bought and sold will be presented to the reader in our columns.

A Candidate for City Clerk.

A very able and prominent citizen, who has been the Dayton Gazette, has been set up by the Dayton Gazette, that Mr. Andrew Hall, sometime editor of that paper, who within some months left this city and State for a new home elsewhere has been elected City Clerk.

Isaacs, Mr. Hall about the eleven hour or four of eleven on the election day, produced and circulated a large handbill announcing the important intelligence that he was going to run for City Clerk, before the people. From the best information we have been able to obtain he did run, and got several respectable forty, fifty, or perhaps twice that number. He leaned his own proposition to the people, acquainting them of the passage of a law the next day by the Legislature, and telling them that they should vote at the election for "City Clerk"; he being the candidate to be voted for.

This might well be regarded as a force were it not, that there is an element in it, that people don't generally laugh at mock, called vulgarly "underhandness." It indicates a sort of "sharpness" that is too small to be funny. It is perfectly apparent to every one, that so far as City Clerk is concerned, there was no election held for that office. Hence Mr. Hall was not chosen by the people. It is to be hoped that a decent regard for his own reputation, for we believe he has hitherto borne a fair character, and is generally much respected, will indicate to Mr. Hall that the least said about this matter will be the soonest mended, and that he had better postpone his aspirations for the City Clerkship until next Spring Election.

"Spitting Vallandigham." Wonder what the poor old malignant devil who got the happy notion of getting out a certain candidate at the late city election to "spite Vallandigham," thinks now of the result? We hear Mr. V. feels badly "spited."

MATT. PEEL'S MINSTRELS. - We feel sure that our readers will be pleased to learn that Matt. Peel's Minstrels will be here on Monday next, and give an entertainment in Huston Hall. Most of our readers are familiar with Matt's peculiarities, and are posted on his abilities. That they may form some estimate of his troupe, we copy a notice of their performance in Cincinnati from the Commercial:

This excellent troupe, one of the very best ever organized, put forth their full strength this evening, in a programme that has never been beaten by any similar company in this city. It is full of good things, and if there is an attraction in spicy variety, Smith & Nixon's Hall will be night experience a jan-... Peel, in himself a host, and his name alone is the sure precursor of a batch of fun and originality, but always upon the alert to be foremost in his line, he has organized a company composed of the very best burlesque and cork operatic talent that it is possible to procure. Fun and music are the absorbing elements of the troupe's entertainment. Music for the million is a great institution, and when combined with fun for the multitude, it has the happy tendency of aiding digestion, and causing people to feel in good humor with themselves and the whole of mankind. Variety and fun are the essential character to the whole entertainment. THE Democrats of Jackson Township elected the following excellent officers on Monday last: Trustees - John Apple, S. B. Trisell, and Christ Dechant. Clerk - A. T. Leslie. Treasurer - John I. Weaver. Assessor - John Snider. Constables - John P. Gross and James C. Tobias.

THE Grocery and Produce Store of Mr. Ayers, on Main, above 3d, is the centre of trade. We are not astonished at the popularity of the House when we notice that he has every thing nice and fresh in the line that can possibly be desired.

Those who have horses are referred to the card of Mr. N. Sifferman, in another column. He has the reputation of performing just what he promises; and we commend him to the public. "Nath" will not be outdone in his line in the West.

At the Miami Township election, on Monday, there were 700 votes polled. The Democratic majority over the opposition was 140.

The papers come to us every day with abundant tidings of theft, robbery, assassination, murder, etc. Whisky underlies the whole trouble. Whisky - nothing but whisky.

City Council. CITY COUNCIL CHAMBER, TUESDAY EVENING, APRIL 8, 1885. Present - Messrs. Ayres, Owen, Gebhart, Phillips, Trebin, Gilliland, Stephens, McClure, Thomas, Decker, Moore and Lutz. Minutes of the last meeting were read and approved.

A petition was received from the Miami Fire Co., requesting that a new floor be laid in their house, and to procure two new sections of rubber suction hose, as the ones they have are about worn out. The petition was laid over till next meeting.

Also, a petition from Mr. Alex. Sims, to have the grade of Clinton and Barr streets established, which was referred to the City Engineer. A communication was received from the Committee on Anti-engineering, submitting the report of Christopher Fisher, which was received and approved.

Several accounts were received and allowed. On motion of Mr. McClure "His Honor" adjourned sine die.
